PROJECTS

Instagram: Flutter App ([Github Link](#))

Dec 2023

TechStack:- Flutter, Firebase, Dart

- Created a **Social media** App with **realtime features** of like and comment on Post.
- **Interactive UI Design** that grabs users attention.
- Facilitated users to make **comments** on a post

Speed Detection : Python project ([Github Link](#))

Feb 2024

TechStack:- Python, Yolov8, Opencv

- Revolutionizing road safety with Python, OpenCV, and YOLOv8.
- Detects vehicles with **95% accuracy at 30 FPS**.
- Enables **24/7 real-time monitoring** for enhanced traffic management.

ACHIEVEMENTS

- Secured a position for the **Submission** in the **Smart India Hackathon (SIH'23)** after emerging victorious among **90 competing teams** in the internal college hackathon.. ([Project-Details click here](#))
- Secured a compelling **internship** opportunity at CodeAlpha, specializing in **web development**.
- Successfully participated in a two-day Workshop & FDP on NLP and Large Language Models (N-Large) at IIIT Kottayam, April 2024.
- **Secured 38th Place in DSA Course:** Achieved 38th position in a batch of 320+ students across India and solved 400+ problems on coding platforms, showcasing strong problem-solving skills and DSA proficiency.([click here](#))
- Organized 2 esports tournaments at college fests, demonstrating effective teamwork and leadership skills.

COMMUNITY AND EXPERIENCE

• **Smart India Hackathon Participant**

IIIT Kottayam

Collaborated with aspiring teammates to develop innovative solutions, enhancing teamwork and problem-solving skills.

• **Intra IIIT-K Football Competition - IIIT Kottayam**

IIITK Annual Sports Meet

(**Captain** of the team that lead to victory(**Won the Tournament**).)

Oct 2022

• **APOORVA Biggest College Fest - IIIT Kottayam**

IIIT Kottayam

Core Team Member Took a significant role in more than 6 occasional events and workshops.

Apr 2022

CODING PROFILES

• **Leetcode** ([abdevil786](#))

• **GeeksforGeeks** ([abhishekhharsh786](#))
